Anker Solix F3800 Best portable power station for RVs and home back-up A heavyweight beast of a power station, this unit boasts battery expansion, loads of ports, and the high battery capacity and output required to effectively run an RV, offer home back-up power supply, charge an EV, or help you live van life to the fullest.

What is the best 12V electrical setup for a 4WD?

The best 12v electrical setup for your 4WD - what do you need?

If you want to really get the most out of your 4WD for touring, camping or exploring, you'll want to install a functional 12v electrical setup with auxiliary batteries. This will allow you to use accessories like fridges, lighting, fans, showers, phone chargers and more.

Are portable power stations suitable for camping?

Almost all compact portable power stations will be suitable for camping, but I rather like the Bluetti Handsfree 2 for this role - mostly because many of them are big, boxy, unwieldy units that take up a fair amount of space.

What equipment do you need for a 12V touring setup?

This will allow you to use accessories like fridges, lighting, fans, showers, phone chargers and more. For those who are new to this type of travel, this handy guide will give you an overview of what equipment is usually found in a typical 12v touring setup, and how it all works together to allow you to power your adventures.

What is the best portable power station for off-site work?

Best portable power station for on-site work With a 1070Wh, 1500W output, and UPS, during our testing this unit proved ideal for when you need a reliable and pretty powerful unit for off-site work.
