

12v 24a 1kW inverter

Overview

What is a 24V inverter?

Built with truckers and professional drivers in mind, our 24V inverters are compact, lightweight, and quiet in operation. Once connected to your battery, you get a stable and reliable power supply from the output socket ready to handle everything from small electronics to higher-wattage appliances, depending on the model you choose.

What is the cost of a 24V 1200W inverter?

A 24v 1200w inverter costs approximately R10 000. This model can power multiple devices such as a television, a computer, a gaming console, an internet router, and one or two lights.

How do I choose the right 24V inverter?

Choose the right 24V inverter by adding up the wattage of the devices you want to run, then match it with one of our models. Shop now at RoadKing and get the power you need wherever your journey takes you.
