

Companies that make portable power supplies

Overview

Which portable power station should I buy?

If you need your portable power station to support days of off-grid adventure (and maybe backup your home power), check out the Jackery Explorer 2000 Plus. This power station is our favorite heavy-duty option due to its impressive output (3000W max and 6000W peak) and expandable capacity (up to a whopping 24kWh).

How do I choose a portable power station manufacturer?

Warranty and support services play a significant role in your decision-making process for selecting a portable power station manufacturer. A longer warranty period, like 5 to 10 years, often indicates the manufacturer's confidence in the product's durability and reliability.

Are portable power stations expensive?

Updated June 2025: We've added a Bluetti model, honorable mentions from EcoFlow and Acer, and a testing and FAQ section. Portable power stations can be very expensive, but discounts, sales, and deals are common. If you can afford to wait, you can likely get your chosen power station for less than the listed MSRP.

Why should you buy a portable power station?

When you invest in a portable power station, you want to feel secure knowing that the manufacturer stands behind their product. Look for comprehensive support services, including 24/7 customer service and easy access to warranty registration. This enhances your overall experience and trust in the product.

What is a portable power station?

Portable power stations have become a staple for outdoor enthusiasts, remote workers, and anyone needing reliable power on the go. They're the perfect companion for car-camping trips, tailgating, power outages, or simply

charging your devices when there's no outlet nearby.

Are portable power stations safe?

Yes, portable power stations are generally safe for indoor use, as long as you follow the manufacturer's guidelines. Ensure proper ventilation, avoid overloading, and keep them away from heat sources to maintain safety. Can I Use a Portable Power Station While Charging?

Yes, you can use a portable power station while it's charging.
