

Costa Rica Energy Storage Container Northwest

Overview

How many kW can a power plant produce in Costa Rica?

The power generation plants in Costa Rica can jointly produce 3.5 million kW. This is the average composition of the Costa Rican matrix: The Energy Matrix is the total percentage of all natural resources from which energy is derived and then transformed into electricity to supply households, business and industries.

What is the energy matrix in Costa Rica?

The Energy Matrix is the total percentage of all natural resources from which energy is derived and then transformed into electricity to supply households, business and industries. In Costa Rica, ICE is in charge of managing and controlling this matrix through its National Control Center (CENCE) and the National Electric System (SEN).

Where to install solar panels in Costa Rica?

Garabito Thermal Plant. Installation of solar panel. Produced by the Direction of Communication, Costa Rican Institute of Electricity (ICE), San José, Costa Rica. Guanacaste Wind Park. Miravalles III Geothermal Plant. Miravalles Solar Park.

Which geothermal plant produces 100% of the energy in Costa Rica?

ICE produces 100% of the geothermal energy in the country. Las Pailas II Geothermal Plant. Biomass energy comes from organic waste; it can be agricultural or domestic. In Costa Rica, the main resource is the sugar cane bagasse generated by the cane refineries in Guanacaste.

Where are the wind plants located in Costa Rica?

The wind plants (the ones managed by ICE and by the private sector) are located on the mountaintops of Guanacaste and Zona de Los Santos. The biomass (from sugarcane waste) is located at the northwest part of Costa Rica

and is bounded to sugar refineries.

What makes Costa Rica a sustainable country?

Since the middle of the last century, Costa Rica explodes its renewable sources in a planned and balanced way; it is possible thanks to a diverse, sustainable, optimized and economical matrix. This matrix guarantees the energy supply thanks to the participation of the public and the private sector.
