

## **Do you have a 40 degree outdoor power supply**

## Overview

---

What is the Philips Hue 40W outdoor power supply?

Overview: The Philips Hue 40W Outdoor Power Supply lets you power your low voltage Philips Hue outdoor lights from a single source. The power supply has a weatherproof (IP67) transformer with a 59" AC input cord and a 24" DC output cord.

How many lights can be connected to A 40W power supply?

With a limit on the number of lights that can be powered and connected, there is also an advised limit on how long the cable and extension should be, for the 40W supply it is 35 meters, and you can have two 30 meter extensions from a 100W power supply. If you have 2 or 5 lights connected in a chain, the brightness is not effected.

How many lights can I connect to a 100W power supply?

Using the 100W power supply you can connect and link together more up to 100W. With a limit on the number of lights that can be powered and connected, there is also an advised limit on how long the cable and extension should be, for the 40W supply it is 35 meters, and you can have two 30 meter extensions from a 100W power supply.

Why should you buy a smart home power supply unit?
