

Energy storage sodium ion battery manufacturers

Overview

Who are the leading sodium-ion battery manufacturers?

As we conclude our exploration of the leading sodium-ion battery manufacturers, it's clear that the future of energy storage is in capable hands. The companies listed here—CATL, HiNa Battery Technology, Natron Energy, Faradion, Tiamat Energy, Northvolt, ZOOLNASM, EVE, Lishen, and Great Power—represent the vanguard of a technological revolution.

Are sodium-ion batteries the future of energy storage?

With companies like NextThing Technologies, Faradion, AMTE Power, and Natron Energy leading advancements, sodium-ion technology is set to redefine energy storage. The industry is moving toward scalable, safe, and cost-efficient battery solutions, making sodium-ion batteries a cornerstone of future energy infrastructure.

What are the top sodium-ion battery companies in 2025?

Here are the top sodium-ion battery companies in 2025: 1. Contemporary Amperex Technology Co., Ltd. (CATL) CATL stands at the forefront of Sodium-ion Battery innovation. The company's first-generation Sodium-ion Battery boasts an impressive energy density of 160 Wh/kg. Notably, it charges to 80% in just 15 minutes at room temperature.

What is a sodium battery?

Sodium battery companies specialize in developing energy storage systems using sodium-ion technology as a cost-effective, sustainable alternative to lithium-ion batteries. Key players include Faradion (UK), Tiamat (France), HiNa Battery Technology (China), Natron Energy (US), and Altris AB (Sweden).

Are sodium ion batteries a viable alternative to lithium-ion?

With the global push for sustainable energy, sodium-ion batteries are emerging as a cost-effective, safe, and scalable alternative to lithium-ion

technology. Leading battery manufacturers are developing next-generation sodium-ion solutions for applications ranging from home energy storage to grid-scale deployment.

What companies use sodium batteries?

Chinese telecom giants like China Tower use sodium batteries for 5G infrastructure backup, while European automakers test them for low-speed EVs. Grid operators value their fire resistance for large-scale installations near urban areas. How Are Startups Disrupting the Sodium Battery Market?

Energy storage sodium ion battery manufacturers

Sodium-ion battery

In February 2023, the Chinese HiNA placed a 140 Wh/kg sodium-ion battery in an electric test car for the first time, [16] and energy storage manufacturer ...

The biggest Overview of Sodium-Ion Cell Companies ...

It has now been almost three years since CATL announced its intention to start series production of sodium-ion batteries. The announcement ...

The biggest Overview of Sodium-Ion Cell Companies 2024 you ...

It has now been almost three years since CATL announced its intention to start series production of sodium-ion batteries. The announcement surprised many at the time, but ...

Top 10 sodium ion battery manufacturers in the world

In this article, we'll introduce you to the top 10 sodium-ion battery manufacturers in the world,

which are leading the development of sodium-ion battery technology and occupying ...

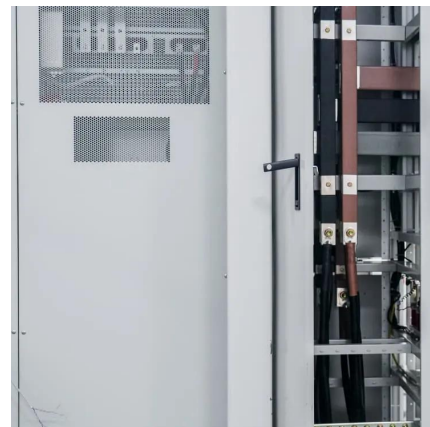

Sodium Ion Battery Companies: Top 8 to Watch in 2025

Explore the top 8 sodium battery manufacturers and sodium-ion battery companies to find advanced sodium-ion battery technology in the market.

Home

Green batteries for a sustainable future. We develop advanced Sodium-ion Battery (SIB) packs to power a cleaner, more efficient world. From mobility to stationary storage, our products ...

[Top 10 Sodium Battery Manufacturers in the World](#)

In this article, we will explain the top 10 sodium battery manufacturers in the world, such as CATL, BYD, KPIT Technologies, and ...

Top Sodium-Ion Battery Companies in 2025: The Future of Energy Storage

This article ranks the top sodium-ion battery companies revolutionizing the industry and compares their innovations.

[Top Sodium-Ion Battery Companies in 2025: The ...](#)

This article ranks the top sodium-ion battery companies revolutionizing the industry and compares their innovations.

Sodium-ion Battery Companies

Sodium-ion Battery Company List Mordor Intelligence expert advisors identify the Top 5 Sodium-ion Battery companies and the other top companies based on 2024 market position. Get ...

Sodium-ion Battery Companies, Top Sodium-ion Battery Manufacturers

The sodium-ion battery market is experiencing significant growth, driven by the rising demand for energy storage solutions, particularly in renewable energy systems and electric vehicles, ...

Top 10 sodium ion battery manufacturers in the world

In this article, we'll introduce you to the top 10 sodium-ion battery manufacturers in the world, which are leading the development of sodium-ion ...

Another Sodium Energy Storage Startup Vows To Carry On After ...

4 days ago· The US startup Inlyte continues to plan for commercial production of its new sodium-iron battery, designed for long duration renewable energy storage (courtesy of Inlyte).

Natron Energy: Pioneering US Sodium-Ion Battery ...

Natron Energy's pioneering sodium-ion battery facility in Holland, MI, reshapes the US energy landscape and marks a pivotal moment in energy ...

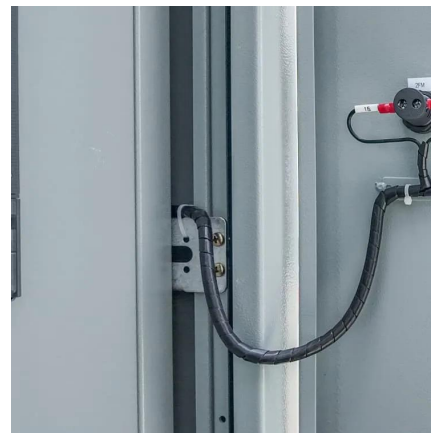

Sodium-ion Batteries

SociableKIT widget. The potential applications of our Sodium-ion battery include electric two-wheelers or three-wheelers, energy storage systems for solar and wind, drone batteries, SLI ...

[Top 7 Sodium-Ion Battery Manufacturers](#)

Top 7 Sodium-Ion Battery Manufacturers are Faradion Limited, AGM Batteries Ltd, NGK Insulators Ltd, HiNa Battery Technology Co. Ltd, TIAMAT Energy, Natron Energy Inc. ...

[Top 6 Sodium-Ion Battery Companies \[2025\]](#)

Explore the top 6 sodium-ion battery companies in 2025 driving sustainable energy forward with groundbreaking innovations.

[Top 10 Sodium Battery Manufacturers in the World](#)

In this article, we will explain the top 10 sodium battery manufacturers in the world, such as CATL, BYD, KPIT Technologies, and many more. CATL is a leading global ...

List of Main Sodium ion Battery Manufacturers [2024]

As the global push for sustainable energy solutions intensifies, the spotlight falls on the pioneers of the sodium ion battery industry. In 2024, a ...

What Are the Leading Sodium Battery Companies in 2025?

Sodium battery companies specialize in developing energy storage systems using sodium-ion technology as a cost-effective, sustainable alternative to lithium-ion batteries. Key ...

Home

The world leader in non-aqueous sodium-ion cell technology Welcome to Faradion, the world leader in non-aqueous sodium-ion cell technology that provides cheaper, cleaner energy. Our ...

[Top 6 Sodium-Ion Battery Companies \[2025\]](#)

Explore the top 6 sodium-ion battery companies in 2025 driving sustainable energy forward with groundbreaking innovations.

Top Sodium-Ion Battery Manufacturers Powering 2025 Energy ...

Faradion, a UK-based innovator, specializes in non-aqueous sodium-ion batteries for high-power applications. Known for their long cycle life and safety, Faradion's batteries are ...

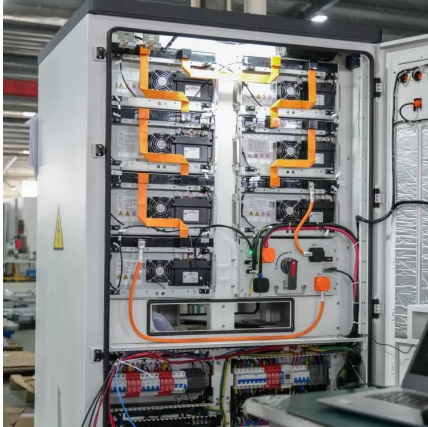

'The bar is going up & up': Sodium-ion firm Natron Energy closes

1 day ago· Natron Energy was attempting to scale up two sodium-ion gigafactories in the US. Image: Natron Energy. US sodium-ion battery firm Natron Energy has ceased trading, putting ...

List of Main Sodium ion Battery Manufacturers [2024]

As the global push for sustainable energy solutions intensifies, the spotlight falls on the pioneers of the sodium ion battery industry. In 2024, a new generation of battery ...

Lithium-Ion vs Sodium-Ion Batteries: Pros, Cons & Best Uses

4 days ago · Compare sodium-ion vs lithium-ion batteries: energy density, cost, safety, and uses. Learn which battery excels for EVs, grid storage, and consumer electronics.

Top 18 Sodium-Ion Battery Manufacturers 2024: CATL, Northvolt, ...

This analysis identifies key manufacturers driving industrialization across three continents and examines the technological battlegrounds defining commercial scalability.

Top Battery Manufacturers

Natron Energy, Inc. Natron Energy, Inc. founded in 2012, is the only U.S.-based commercial sodium-ion battery manufacturer. Using innovative Prussian blue electrode ...

Key Companies

The business creates, develops, and produces sodium-ion battery cells that are appropriate for use in mobility applications as an industrial battery manufacturer. Definition: Sodium ions are ...

Natron Energy to build \$1.4B sodium-ion battery plant ...

Natron Energy and North Carolina officials stand on the Kingsboro business park lot in Rocky Mount, North Carolina. Natron plans to invest ...
