

# Latvian photovoltaic energy storage project construction

## Overview

---

Swedish investment firm Niam and Estonian developer Evecon have formed a partnership to implement solar energy and energy storage projects in Latvia. Under this collaboration, a total capacity of 84 MWp of solar energy and 26 MW of storage will be installed across 11 designated locations.

## Latvian photovoltaic energy storage project construction

---

### **SUNOTEC acquires 400MW photovoltaic+600MWh energy ...**

At present, the project has obtained a construction permit issued by the Latvian government and plans to start construction by the end of 2025. The substation project will start ...

### **SUNOTEC acquires 400MWp solar, 600MWh BESS project site in Latvia**

...

European renewable energy provider SUNOTEC has completed the purchase of SIA DSE Lazas Solar's solar and energy storage project in Latvia from Danish Sun Energy.

### **Latvia: SUNOTEC acquires large-scale co-located park with 400 MWp PV**

SUNOTEC, one of Europe's leading renewable energy development and construction companies, has acquired 100% of the share capital in SIA DSE Lazas Solar from ...

### **Ignitis Renewables will develop a 174 MW solar farm in Latvia**

Ignitis Renewables, an international green energy company, is expanding its operations in

Latvia. The investment decision foresees an investment up to EUR 106 million in ...

### **SUNOTEC acquires 400MW photovoltaic+600MWh energy storage project in Latvia**

At present, the project has obtained a construction permit issued by the Latvian government and plans to start construction by the end of 2025. The substation project will start ...

### **Niam Infrastructure and Evecon partner up for 110 MW of solar & storage**

Niam Infrastructure and Evecon have formed a partnership for the construction of up to 84 MWp of solar power and 26 MW of energy storage across 11 project sites in Latvia.

### **Latvia: Latvenergo to deploy 250MW/500MWh BESS by 2030**

Latvenergo said it will build the battery energy storage system (BESS) projects in response to increasing demand for flexibility and to synergise with its hydropower, gas-fired ...
