

# **Palau Energy Storage Solar Company**

## Overview

---

What is solar-plus-storage in Palau?

Palau celebrated the inauguration of its ground-breaking solar-plus-storage project, marking a significant milestone in the region. Developed by Solar Pacific Energy Corporation (SPEC), a subsidiary of Alternergy, the project represents the largest power plant of its kind in the Western Pacific.

When did Palau launch its first solar and battery energy storage system?

Palau on June 3 launched its first solar and battery energy storage system (BESS) project on Friday. The project was made possible by Renewable company Alternergy Holdings Corp. and its subsidiary Solar Pacific Energy Corporation.

What is Palau solar & battery storage?

The Palau solar and battery storage project not only bolsters the country's energy independence but also highlights the potential for renewable energy to power nations across the Pacific. As Palau paves the way, it inspires others to follow suit, driving the transition towards a greener and more sustainable world.

Who made Palau solar project possible?

The project was made possible by Renewable company Alternergy Holdings Corp. and its subsidiary Solar Pacific Energy Corporation. In a press release from the company, it said the Palau solar project boasts a capacity of 15.3 MWp solar PV and 12.9 MWh BESS, making it one of the most significant foreign direct investments in the country.

How much does Palau solar project cost?

In a press release from the company, it said the Palau solar project boasts a capacity of 15.3 MWp solar PV and 12.9 MWh BESS, making it one of the most significant foreign direct investments in the country. The project cost USD29

million, the venture marks a remarkable milestone for Alternergy.

What is Palau's energy storage system?

energy storage system, was undertaken by Solar Pacific Pristine Power, a privately owned company. The plant will provide approximately 20 per cent of Palau's power needs, delivering up to 23,000 megawatt hours per year to the grid network, reducing Palau's reliance on expensive diesel generators.
