

Photovoltaic panel installation subcontract price

Overview

How much does solar panel installation cost?

On the high end, solar panel installation can cost over \$40,000. On the low end, it only costs a few thousand. It all depends. Additionally, none of these prices account for incentives like the federal investment tax credit (ITC), which can make your solar system up to 30% more affordable.

Is home solar more affordable than paying for utility electricity?

Although home solar is already more affordable than paying for utility electricity, there are a few ways to reduce the cost of your system and maximize your energy cost savings. First, there are solar incentives offered by federal, state, and local governments, in addition to utility providers.

How much does it cost to remove and reinstall roof panels?

It cost \$5,000 to remove and reinstall the panels after the roof was replaced. "If I had known the roof was in such bad shape, I would've replaced the roof before installing the panels," Devin told us.
