

# **Rooftop inverter factory direct sales**

## Overview

---

What is rooftop inverter capacity claim?

\*#1 in Rooftop inverter capacity claim is based on aggregated residential and non-residential SolarEdge inverters estimated capacity published on Wood Mackenzie US DG solar national competitive landscape leaderboard as of January 2025. The data provided by Wood Mackenzie should not be relied on for any purpose, copied, or used.

What is a rooftop unit (RTU)?

Greenheck's rooftop unit (RTU) enhances the range and performance of rooftop units for comfort cooling applications. Unlike standard RTUs that provide little to no outdoor air, our rooftop units deliver a high outdoor air percentage. They also simultaneously control humidity and temperature, making them ideal for space conditioning.

How do I get a quote for a rooftop unit?

Submit a request online and get a quote from your local representative within 4 hours. Greenheck's rooftop unit (RTU) enhances the range and performance of rooftop units for comfort cooling applications. Unlike standard RTUs that provide little to no outdoor air, our rooftop units deliver a high outdoor air percentage.

What makes AAON a good rooftop unit?

AAON sets the standard for commercial packaged rooftop units in performance, serviceability, and long-term value. The world's best RTU. Built just for you. Widely considered the industry's gold standard for performance, AAON packaged rooftop units offer superior efficiency, reliability, and longevity.

What is a valent rooftop unit?

Valent rooftop units (RTUs) solve today's design challenges of increased

efficiency and indoor air quality demands through a revolutionary approach to temperature and humidity control.

What is the airflow range of a Greenheck rooftop unit?

Airflow Range: 500 - 13,000 cfm Cooling Capacity: 3 - 30 tons Electric Heat (10-140 kW) Need a specific configuration?

Submit a request online and get a quote from your local representative within 4 hours. Greenheck's rooftop unit (RTU) enhances the range and performance of rooftop units for comfort cooling applications.

## Rooftop inverter factory direct sales
