

The price of solar power for home use in Ireland

Overview

Solar PV panel costs range between €4,600 – €8,700 in Ireland. This includes installation and materials such as roof mounts & inverters. There is a grant of up to €1,800 available for installing solar panels on your home. Solar panels take an average of 6-7 years to pay for themselves. How much do solar panels cost in Ireland?

The average cost of solar panels in Ireland varies based on the system size, panel type, and installation factors. Typically, a residential solar PV system ranges from €6,000 to €13,000, including installation. This range covers systems from 2kW to 6kW, the most common residential property size.

How many solar panels do I need in Ireland?

The number of panels you need depends on your household's energy consumption and the panels' efficiency. A typical Irish home may require a 4kW to 6kW solar system, usually 12 to 20 panels. How much is a 2kW solar panel in Ireland?

.

How long do solar panels last in Ireland?

It typically takes around 5-6 years to recoup the cost of solar panels in Ireland. After that, you can enjoy free electricity for the remaining lifespan of your panels. Most solar panels come with a 25-year warranty, so you should be getting renewable energy from your roof for at least that long.

How much does a solar grant cost in Ireland?

The grant can reduce the cost of solar panels in Ireland by 25% or even more, and so it's a gamechanger for a typical family looking to go solar. In 2024, the maximum solar grant amount is €1,800, but that will be going down by €300 to €1,500 at the start of 2025. Find out more in our Irish solar grants guide.

How much does a 2KW Solar System cost in Ireland?

A 2kW solar PV system in Ireland costs approximately €4,000 to €6,000, including installation. This price may vary depending on the type of panels, installation complexity, and additional equipment needed. How much does a 5kW solar system cost in Ireland?

.

Are solar panels a good investment in Ireland?

By switching to solar energy, you'll significantly reduce your carbon footprint. This saving is equivalent to driving a car for 8,038 km or taking 1.3 flights from Dublin to New York. For homeowners of a two or three-bedroom terraced house in Ireland, solar panels are a smart investment for cost savings and environmental benefits.
